

meru

universal controller

Master Controller is flexible with multiple input and outputs, strong with Linux operating system.

- 500.000 user capacity
- 5.000.000 log capacity
- Operational Temperature -40 / +70 C
- Humidity %0-%80
- CPU 1.4 Ghz
- Wiegand & OSDP Protocol
- Dimesionn, 165x165 mm
- CE, RoHS
- SDK, API for development
- 4 Inputs, 4 Relays
- **Application areas :**
Turnstiles, Doors, Sensors
